
RP

Back plate for wall bracket KW/KWF

The back plate RP is suitable for brackets KWF or KW, which are fastened to steel profiles by means of horizontal profile rails KHA 8 or KHA 41. The back plate between bracket and profile rail prevents torsional forces on the horizontal profile rail. RP 8 is designed for KHA 8 profile rails, RP 41 for KHA 41 profile rails. The static values for the KHA 8 and KHA 41 profile rails must be observed.

Hot-dip galvanized, according to BS 729 (DIN EN ISO 1461)

Product		B	L	t	G
RP 8F	40 mm	21 mm	4,00 mm	0,158 kg	

:
B: width
L: length
t: material thickness
G: weight

OPTIONAL ACCESSORIES

KHA 8, KHA 41, KWF, KW, SKL A, SKS A, SES
